

NEW COMMISSION FOR 2018

About the commission

Frame and Wheel provides its services on a Cost Plus basis. This means that the seller pays the costs related to the sale of the item (eBay, Pay Pal, VeloDrone, Pick Up fees) plus a scaled commission to Frame and Wheel. The commission is 30 percent on the first five hundred dollars of the hammer price of the item and 15 percent on the amount above that.

What you get in return for the commission

You are getting excellent value when you think of all the time you are saving, the work you are eliminating and the peace of mind you are feeling: we clean your items, we do the imaging and the descriptions; we upload and manage the listings, we answer all the emails that come in; we pack and ship the items and we deal with any issues relating to unpaid items, returns, lost items or feedback disputes. And you are also getting the satisfaction of knowing that you are directly supporting a local company with roots and connections through out the New England cycling community.
